Rebecca Young

### Information still sought on murder

A killer is loose and the family of a 21-year-old woman who was stabbed to death would like to see justice done. Rebecca Young's body was discovered May 1 of this year behind the bowling alley on 827A.

An unidentified person called the Miami Police Department a few days after the crime and said he had witnessed the murder while rabbit hunting in the area.

Det. Duane Mayo with the Palm Beach County Sheriff's Department said police would like to talk with this witness again or to anyone locally who has any information on Rebecca's death.

"We believe the person who witnessed the murder has ties to the Glades and he may have told something to somebody locally," said Det. Mayo.

The Latin male who called the Miami police gave the location of Rebecca's body and details as to what had taken place the day of her murder. He identified himself as "Antonio" and told police there were two Latin males with the woman just prior to her murder.

"He also said he saw the suspect's vehicle later in Belle Glade and described it as a Bronco-type vehicle, blue with green stripes," said Det. Mayo.

The story of Rebecca's murder was re-enacted on Unsolved Mysteries Nov. 11.

"Not knowing has left her family in limbo," said Det. Mayo. "Her Aunt, Lucille Williams of Pahokee, and other family members are still wondering what happened to Rebecca."

The Sheriff's Department is offering a reward for information leading to an arrest in this case. Call Det. Mayo at 996-1670 if you have any information.

### Smoke, but no fire

The City of Belle Glade will be conducting smoke testing of the sewer systems to track how large amounts of rain water enter the system after heavy storms.

Smoke will be blown in at intersecting manholes, using fans and smoke canisters designed specially for this purpose. The tests will be done in specific areas at different times throughout the city. Letters will be handed out in these areas advising dates of testing.

The smoke used in this testing procedure is relatively harmless, but any presence of smoke inside homes should be reported to the people conducting the test or by calling 996-0100, ext. 268. Smoke inside a home may mean a pipe is broken. Tests will begin the week of December 14 and are expected to continue for thirty to sixty days.

## Field worker drowns in canal

By BRENDA BUNTING  
SUN Editor

A Belle Glade man drowned Monday afternoon when the tractor he was driving overturned into a canal.

Lamar Phillips, Sr., 56, of 74A Davis Street, was operating a field tractor pulling a cane trailer near U.S. 27 and 827, approximately six miles south of South Bay, when the accident occurred.

Co-workers who saw the accident said Mr. Phillips was traveling on a rock road adjacent to a drainage canal when his tractor overturned into the canal along with the trailer, which was partially loaded with sugar cane.

Det. Michael Fincannon with the Palm Beach County Sheriff's Department said Mr. Phillips was able to partially free himself from the cab, but was unable to reach the surface. The rig was two-thirds submerged in about six feet of water.

Co-workers jumped into the water. See ag-accidents, page 3

## Living with HIV

Do you know the symptoms?

By BRENDA BUNTING  
SUN Editor

The number of women with AIDS in Palm Beach County doubled in 1991, according to Marilyn Campbell, an outspoken AIDS victim.

Ms. Campbell speaks with first-hand knowledge of the disease - she has been HIV positive since 1985.

She spoke to participants at an AIDS Awareness Luncheon last week in Belle Glade. The luncheon was one of a series of events held last week in honor of World AIDS Awareness Week.

Angry at the government, Ms. Campbell says it has ignored women with the disease.

"I think the attitude of the government is criminal," she said. "There is a saying in the AIDS community 'Women don't live with AIDS, they just die from it.'"

Nationwide, the percentage of AIDS victims who are women is 11 percent. In Palm Beach County, Ms. Campbell said, it's 17 percent.

Cathy Robinson, another woman who is HIV positive, also spoke to the group. She said her strength comes from her family who are very supportive. Her father teaches at the local community college. She lives with her parents in Clewiston.

"Time becomes very short for the family living with AIDS

and this makes for stress," Ms. Robinson said.

She said AIDS means living with the disease, not dying. She is organizing a support group for local residents who are HIV positive.

"Support is necessary and networking with others is important," she said. "I wish I could reach more people, but it's sad: some people are still in hiding from the disease."

Positively Aware, a monthly journal published in Palm Beach County, was given to all the participants at the luncheon. In the magazine, it tells the early warning signs of HIV disease. They include: diarrhea several times daily that occur repeatedly for many weeks; a dry cough, lasting several days or longer, in the absence of an illness such as a cold; chronic tiredness during regular daily activities, despite plenty of sleep; persistent fever of 99-101 degrees in the absence of an illness such as the flu; enlarged lymph glands in the neck, groin, or armpit (They may be sore or tender); night sweats that soak the bed sheets, with or without a fever; a skin rash or ulcers appearing anywhere on the body, they often spread; loss of 10 pounds or more without dieting or change in regular intake of food; sores or white patches (thrush) in the gums, tongue, or palate.

Crash landing...Helicopter pilot Henry C. Spears of Belle Glade was treated at Glades General Hospital for minor injuries after his helicopter crashed Monday afternoon on the runway at the Belle Glade airport. The FAA has been notified of the accident and will be investigating. Shown in the background is Firefighter Brad Caudell.

## South Bay residents form police, community advisory board

By BRENDA BUNTING  
SUN Editor

Seven concerned citizens in South Bay are forming a Police and Community Relations Advisory Board. They met Tuesday night to discuss recent police and citizen clashes and look for solutions.

Officers were elected and goals discussed. Tom Brown, a resident of South Bay for 12 years, was elected chairman and Clarissa Davis vice chairman. Gloria Williams will serve as secretary.

"I think what we have here tonight is commitment and that will make the job easier during the tough times," said Mr. Brown.

The "tough times" might include street patrols or "pop-ups" in the areas where problems have been occurring.

Members agreed to go into the streets in teams of two during the Christmas break.

Gloria Williams said she would be willing to do that, but said there were some areas of the city where she would not feel safe after dark, even with a partner.

Police and residents have had two confrontations in the past two months, with injuries on both sides.

The advisory board concept was suggested by Mayor Clarence Anthony at a November commission meeting.

"In five to ten years, this board will play a very important role between citizens and the police department," Mayor Anthony told the group. "The key is to have a pro-active role."

The mayor said he would like to see the board handle some citizen complaints "before they become a performance before the city commission."

Members agreed to send a newsletter to schools and churches before the Christmas break to let the community know the organization has been formed and what it hopes to accomplish.

They are also planning a flyer to post in businesses and other locations around the city.

The flyers will show a photograph of the members and list home telephone numbers of the officers. The group hopes the flyers will encourage residents to call with their concerns and to become involved in the advisory board.

Mayor Anthony said the city would hire a consultant to train board members on how to handle themselves while dealing with residents.

He said he would like to see the group work closely with the police department and Chief Roy Humston. "As citizens, we don't really know what the police are facing," said Mayor Anthony.

"I hope the board will have activities with the community and the police department," he said. "Lord knows, we have an image problem with our police department right now. I'm going to be very candid with you."

South Bay residents who would like to become involved or have a complaint can call Mr. Brown at 996-4132, Mrs. Davis at 996-7709 or Mrs. Williams at 996-0584.

## Pahokee High School: Something old, something new

By CHIP NEWTON  
SUN Staff

Pahokee's old high school gymnasium building will get a new name, if City Commissioner Keith Babb gets his wish.

Commissioner Babb wants to rename the building after Pahokee graduate Rickey Jackson, now a professional football player for the New Orleans Saints.

That is, if the city goes ahead with plans to convert the old high school site into a recreational facility. And that, they say, is underway.

The city has authorized Mayor Ramon Horton to sign a contract sent by Palm Beach County School Board which gives the city the use of the old school property.

The School Board will consider the contract at its January 6 meeting. It has been placed on the agenda, says City Manager Ken Schenck.

Mr. Schenck says the city has applied for a Community Development Block Grant of

\$435,000 which the city would use to renovate the old school.

The city has already asked for proposals from area contractors to begin necessary work at the site, including some electrical work which must be completed no matter what other than demolition - is to be done with the gym and other buildings. Those proposals are due in the City Manager's office by December 16.

Two fuel tanks, buried at the school site, were removed two years ago, said Mr. Schenck, and the city paid between \$2,000 and \$3,000 for that work.

Now, he says, Consolidated Credit Group is offering to reimburse the city for that expense and to perform the required site-cleanup where the tanks were - at no cost to the city - using money from the Department of Environmental Regulation.

DET says it will reimburse the city for the cleanup, but the city didn't want to put up the money and wait for reimbursement.

The last mail drop for Postal employee Russell Alston was last Thursday. Mr. Alston is turning in his postal uniform and retiring after 26 years with the Belle Glade Post Office.

## Alston retires after long career with Belle Glade Post Office

By BRENDA BUNTING

The time was right, the incentive good, so Russell Alston grabbed it.

At age 60 he is retiring from the Belle Glade Post Office, where he has been employed since December of 1965. Thursday, December 3, was his last day.

Friends stopped by all day with gifts and best wishes.

"We're going to miss him here," said his boss, Postmaster Johnny Johnson, who worked with Alston from the first day he started at the post office in 1965.

"Russell has a really good sense of humor and has been real dependable."

Customers remember him from the many years he worked the front window, dispensing stamps - and wise cracks - with

a smile. He went off the window last year.

Co-workers threw a party for him on his last day and another was given by his friends at the American Legion, Post 20, on Saturday night.

"They asked me what I wanted for a retirement gift and I told them all I wanted was a picture of everyone on the front lawn here in front of the flag."

Alston retires with 29 years in government service. He was in the Army for 21 months before taking the job at the Belle Glade Post Office as a part-time regular distribution clerk. He went on to become a full time flexible clerk.

Alston said he was offered six months incentive pay in cash to retire early and he jumped at the opportunity.

"I've got some things I want to do, and

I'm ready for retirement," he said.

The first thing on his agenda is visiting some of his old Army buddies in California, Kansas, and Georgia, and doing some traveling.

He owns a home in Belle Glade and another in Haines City where his adopted daughter Sabrina is a junior in high school. His hobbies include stamp and coin collecting. He is also active with the American Legion, where he has been post commander six times.

He is the past shop-steward of the American Postal Workers Union and a State Business Agent with the American Postal Workers Union, Local 3062. He is a member of the American Legion Disabled Veterans.

## Pahokee's "Parade Under the Lights" is best yet

Pahokee Chamber of Commerce Executive Secretary Marlene Crosby says "It was the best parade we've had in a long time!"

Pahokee's Christmas was a rousing success, with almost 40 entries, and running almost an hour.

United States Sugar Corporation took the Grand Marshal's Award for best entry.

The Best Commercial Entry was by Everglades Memorial Hospital.

Nash's Ark won for Best Non-Commercial Entry, and the Pahokee Middle Senior High School Band took Best Band honors.

Christian Day School's Majorettes took Best Marching Unit, and Best Motor Vehicle went to Belle Glade Fire Rescue.

NAPA won in the Antique Auto division.

Ms. Crosby said thanks to all who made this year's parade one of the best ever!

The Zora Neale Hurston Roof Garden Museum is offering a 1993 calendar of African-American art.

The calendars feature the bold and colorful prints of nationally-acclaimed African-American artist Jonathan Green.

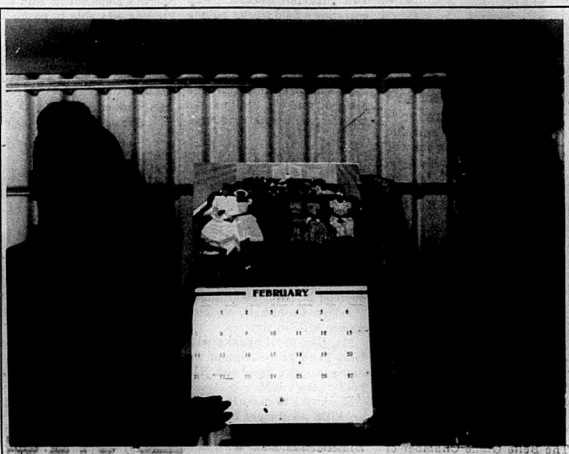

The limited edition calendar contains 12 original artworks by Mr. Green, who celebrates his Gullah heritage in his paintings. With bright reds and greens and stylized figures in skin tones that range from peachy tan to jet black, Mr. Green expresses life on the Sea Islands of South Carolina. The series of paintings is called "Gullah Life Reflections."

A native of South Carolina's lowcountry, Mr. Green is a former Air Force illustrator, who also illustrates children's literature.

He will be featured during the upcoming Muckstepp's Reunion as presenter of a workshop for artists.

Muckstepp's Reunion is the Hurston Museum's annual storytelling conference and festival that will be held January 20-24 in Belle Glade.

Mr. Green's workshop will be held on Saturday, January 23, under a tent on the festival site. Cost of the calendars is \$10.95. They may be purchased

water and pulled him to the surface. CPR was started and Mr. Phillips was taken by ambulance to Glades General Hospital where he died at 5:20 p.m.

The body was taken to the Palm Beach County Medical Examiner's office, where an autopsy was done to determine the exact cause of death.

According to Det. Sgt. John Russ with the Sheriff's Office, this is the fifth serious agricultural industrial accident since the cane harvest season began in late October. There have been four deaths and one serious life-threatening injury.

That's higher already than last year," Sgt. Russ said, "not counting the chlorine gas death just before season began.

There were four agriculture-related deaths last year. That number included

Mackie Lee West, 38 of South Bay who died November 25 while moving a D-4 bulldozer on a flatbed trailer approximately 16 miles south of South Bay.

Mr. West was on a rock road on New Hope Farm when he tried to pass a labor bus parked in the roadway.

His truck got stuck in the muck and was leaning severely.

Witnesses say Mr. West got on the bulldozer and tried to back it off the lowboy trailer but it slid off and overturned, pinning him face down into the muck field under several feet of dirt.

Approximately 50 field laborers tried to shove the dozer off the man, but it was too heavy.

Mr. West's death was listed as suffocation by compression.

#### Democrats will be sorry

Two weeks ago some Democrats said in this very column "You Republicans should be happy about Clinton and stop being sore losers."

Whoa! Look out America. Clinton has no experience and his ethics and give-away programs will destroy us.

His new, inexperienced regime are all a bunch of losers. If needed, what young Americans will follow Clinton into action?

Bush was in World War II and has plenty of international experience. He is a gentleman and a family man.

The only problem was a Democratic congress. Look out people, Bill and Hillary will ruin us for sure.

In about a year from now, when we all go down the drain, let that same Democrat respond.

With Clinton in the White House, God help us all.

#### Where can we take our toys?

I thank you and we're glad we're able to say this.

What happened to Toys for Tots? We called the Chamber of Commerce and they had no information on Toys for Tots or any other organization to help the underprivileged children in our area.

We have a few things we want to donate. Please let us know.

Editor's note: Boy, I wish you'd gotten to us just a little bit sooner. The Glades Holiday Store, which is giving food, clothing and toys to the needy in the Glades, has a dire need for toys for the children.

The store is located at the Belle Glade Army and the program ends today. Possibly you could take your toys to the Holiday Store.

Also, if that is not still an option, call Maria Wise Miller at the Palm Beach County Health Department, 996-1600. She will see that the toys are distributed to the service organizations who give food and toys to their needy clients during the Christmas season.

Thank you for caring, and for calling *Speak Out*.

#### Long cigarette breaks unfair to non-smokers and customers

I'm calling to make a complaint regarding city hall. Actually, it's the water department where I've seen this problem.

The city has passed a new policy of no smoking in the building. I agree with that. I'm a non-smoker myself and I like seeing this change, but I think the cashiers have let their breaks get a little out of hand and someone needs to monitor their cigarette breaks.

I've gone there several times when I've had

stand in long lines in order just to pay my water bill.

Sometimes I've even seen customers go outside and try to get the attention of the other employees sitting outside to get one of them to please come in.

Sometimes you only have two girls inside trying to take all the payments, and those phones are ringing off the hook.

I would think it's unfair to the customers who have to wait in long lines when actually there are several people who are getting paid to do the job. It's also unfair to those who don't smoke and who do stay inside and work.

I'd like for this to please get to the attention of Belle Glade's City Manager and hopefully something be done about the problem.

I believe the customers are not getting the attention they should be getting and I think the people who are taking advantage of this should have it called to their attention.

Editor's note: We spoke with City Manager Lomax Hurrell about this *Speak Out*. He said he checked out this problem and found that neither employee who works the window at the water department smoke. All employees are allowed two, 15-minute breaks during the day and he believes this time is not being abused.

#### Beware of tree-trimmer scams

I would just like to inform the residents of Belle Glade to let them be aware that there are tree cutters in the area who go around trying to get your business. They will give you a price that sounds reasonable to cut down your trees or do your trimming.

What he does not tell you is he will not haul off your trash and debris from the brush that they cut.

What you will end up doing, although you think you have a good price, is paying to have it hauled off and the tipping fee to have it dumped. He does not tell you this up front, so he tells you what the price is. I was taken in to later find out that I had to pay the dumping fee. This man said he would haul it off for a small fee and then I would have to pay the tipping fee.

I just want the residents in this area to know and be aware that there are people out there who will take advantage of you, especially this time of year during the holidays.

Two of my neighbors were also taken in by this. I just want you to be aware of this and not be taken in.

Editor's note: It's always a good idea before you hire someone to do the kind of work to call Renee Lee, License Administrator for the City of Belle Glade. She will tell you whether or not this person is licensed to do the work. If not, the city will go to the job site and issue a stop work order.

### Living with the AIDS virus

I'd like to begin by saying I am a person living with HIV. I am writing today for several reasons. The most important reason is to let others know that there is HOPE.

This disease does not have to be a death sentence. A person's mental attitude is everything! The fear and hiding that is really for people who are diagnosed with HIV is what makes people suffer more than the disease itself.

Robert Burton once wrote "For grief concealed strangles the soul, but when as we shall but impart it to some discreet, trusting and living friend, it is instantly removed."

Our communities must be educated to the facts of this disease.

It is horrifying the numbers of people who ask me how this disease is transmitted and even more scary is the fact that so many people think they are safe because they can "tell" if someone has HIV or AIDS.

Trust me. If I did not tell you, you would not know.

The facts are, you can only get this disease three ways, sexually - there is no such thing as safe sex, only safer sex, - from blood and blood products, this includes shared drug needles, and a mother may pass it to her unborn child. However, the odds are in the child's favor to be healthy.

There is no reason to fear someone who has the virus, as long as you are not having risky behavior with someone who is infected. You are in much greater danger from someone who is in denial or hiding.

This disease is preventable and we must dispel our fears and educate ourselves and our children.

Everyone who is reading this article knows someone who is being affected by this disease. Though only one person in a family may be infected, it affects the whole family. As a community we must address the needs of

families. Emotional support is vital. Simple things like a phone call or bringing a cake by or just a simple smile when you pass on the street is very important.

That does not mean pity or always talking about the disease, it means being a friend to someone who needs it more than ever.

I would like to take this opportunity to let everyone know I have seen such a need for education and support services that I am forming a nonprofit PWA. Coalition. It will be for residents of Hendry, Glades and western palm Beach County. It will offer support groups for people infected and those who are affected. Everything is anonymous.

I also hope to provide education to anyone who is interested. All services are free to those in need. Donations and volunteers will be our source of support.

I can not stress to you enough the need for emotional support for those who are affected by this disease. Doctors are wonderful, but often times they forget the power of the mind.

As someone with a T-count hovering at 200, I have never been ill and it is my opinion it is because of my support system.

If anyone is interested in support groups, educational information or their group is in need of a speaker, please contact me, Cathy Robinson, P.O. Box 2804, Clewiston, FL 33440.

If you are reading this and you are dealing with this disease alone, or know someone who is, please contact me. If you are someone who has not been touched by this, please be educated enough to know you can not get this from helping someone else.

People can live. There is HOPE. Please know that.

Lastly, I would like to thank my family and friends who have been so supportive. I know my group "public" has put a great strain on them, but I hope it has also made them proud.

## Letter to the editor

Dear Editor:

No matter where we live, how far we wander, or our circumstances in life, time and distance does not dim the ties we have with those we grew up with and the place we called "home" in our youth.

I grew up in Pahokee, graduated from Pahokee High School in 1959 and still have family living in the Glades area. I wanted to share my success with family members still there and those I grew up with.

The information about me and what I have accomplished is as follows.

Mittie Jean Watson Tanner,

daughter of Georgan Watson of Valdosta, GA, and the late John D. Watson of Pahokee, graduated from Georgia College, Milledgeville, GA December 5, 1992.

She received her BS in Special Education - MR (K-12) with a 3.50 grade point average.

She worked for Dublin City Schools as a paraprofessional for the past six years while attending school evenings.

She is the mother of three sons: Kenneth of Caribou, Maine, and Bill and Stephen of Dublin, Georgia. Other relatives include brothers: Carol of Vero Beach, Calvin of

Atlanta, and a sister, Glenda Drummon, of Indiantown, granddaughter, Debra, who lives with her mother Jan Watson Manning; a sister-in-law, Sallie, and her children living in Belle Glade.

We had outstanding teachers who were excellent role models. They molded the foundation for me to accomplish what I have with a 3.50 average.

I could name them, but one stood above them all when I had to produce research papers. Louisa York is more than a teacher, she is a legend.

Sincerely,  
Jean Watson Tanner

## Cooperating with Census takers could result in more money for cities

A Special Census recount could mean thousands of dollars to the municipalities of Belle Glade and South Bay - money the cities need to provide services for their residents.

A higher count would entitle the cities to more state and federal money, about \$100 for each resident who was missed in the first count.

South Bay is in the midst of their recount and hope to finish by December 14.

Officials in Belle Glade are planning to begin their Special Census in January.

Citizens are urged to cooperate with the census

takers when they come to their doors.

All information gained from the Census is confidential. Census takers have no connection with law enforcement or immigration and an individual does not have to be a U.S. citizen to be counted.

Do your part - be counted.

Glades Day School congratulates seniors Miles Griffin and Yvette Graydon, who were named Most Valuable Players in their respective sports at the school's football/volleyball banquet, December 2.

Griffin, who also received the outstanding offensive back award, rushed for over 1,600 yards in the season.

"He was the man we gave the ball to when we really needed the yardage," said head coach Mandy Perez. "He came through and did an outstanding job."

Other football players who received trophies were Graham Chancey - Most Improved Offensive Player, John McLeod - Most Improved Defensive Player, Tommy King - Outstanding Receiver and Outstanding Defensive Back; Dan Garrett - Outstanding Offensive Lineman; Ralph

Towell - Outstanding Defensive Lineman; Ryan Mann - Outstanding Linebacker; Sam Boyer - Leading Tackler; Patrick Whitehead - Outstanding Special Teams Player; Michael Thompson - Leading Kicker/Punter; Ryan Courson - Enforcer Award; Hani Barhoush and Tom Carter - Team Captains.

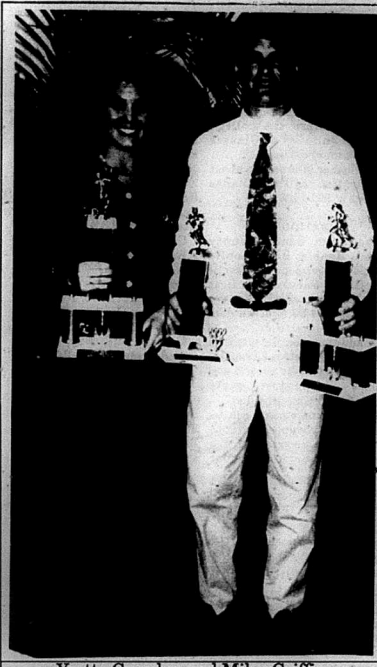

Freshmen Brad Seider and Jackie Garrett were named Most Valuable Players for the JV football team.

Yvette Graydon, a three-year varsity volleyball player, played a key role for the Lady Gators this season.

"As a middle blocker, she knew exactly what to do and was always there to make the play when needed," said coach Rita Schoenfeld. "Her serving was also consistent, which helped us a lot in crucial situations."

Awards were presented to Lindsey Crews - Best Offensive Player; Christie Purcell - Best Defensive Player; Kelly Culberson - Most Improved Player; Jaci Davis and Alina Blanchard - Coaches awards for team spirit and leadership.

Freshman Denelda King was named MVP for the JV volleyball squad and teammates Jessica Alvarez and Lori Lamb received the Most Improved Player awards. A Most Improved Player award also went to junior high team player Mary-Anne Hollingsworth.

## Clark - Wilson to wed

Paula Michele Wilson & Timothy C. Clark

Mr. and Mrs. Paul Wilson announce the wedding of their daughter Paula Michele to Timothy Charles Clark. He is the son of Mr. and Mrs. Donald Clark.

The wedding will be January 9, 1993, at First Baptist Church in Belle Glade, at 6 p.m. A reception will follow immediately at the Elks Club, 300 S.E. Avenue E, Belle Glade.

## Nu Kappa pledge ritual held

The members of Nu Kappa chapter of Beta Sigma Phi held a pledge ritual inducting a new member, Mrs. Julie Cruz. The ceremony was held at the home of Mrs. Lily Rodriguez. Members present were President Betty Hodges, Jane Willis, Tammy Zinn, Tammy Arietta, Maria Molares, Josie

Onega, Lily Rodriguez, Donna Alston, and Becky White.

Nu Kappa was also represented at the annual Belle Glade Junior Women's Club Christmas Bazaar. The members sold handmade crafts and baked goods to raise funds for various charities.

# MEDICAL DIRECTORY

## AMBULANCE

When a person is injured or in extreme distress and the need to call for medical assistance is urgent, first check the victim's breathing. If respiration is satisfactory, phone for an ambulance or rescue unit.

If the victim is not breathing, shout as loud as possible for someone to phone for help and immediately proceed with mouth-to-mouth resuscitation and whatever treatment is indicated by the condition of the victim.

When placing the call for help, be prepared to give the following information:

1. The phone number from which you are calling.
2. The address and any special instructions (such as nearest major intersection, crossroad or landmark) to assist the ambulance in locating the address.

3. Describe the victim's condition as best as you can - burned, bleeding, broken bones, etc.

4. Give your name. DO NOT HANG UP.

Let the emergency persons end the conversation. They may have questions to ask you or special information to give you about what you can do until help arrives.

If you are alone, unlock the door and alert the ambulance or rescue dispatcher that the door will be open. If at night, turn on all outside lights.

Once an ambulance has been summoned, it is imperative that one of the members of the family (or a friend or neighbor) immediately station themselves in front of the house or building in order to direct the arriving ambulance to the quickest route to the victim.

Upon arrival, the ambulance personnel will assess the patient for any necessary immediate emergency care, and then transport the patient to the hospital. Direct radio contact is made with the hospital and/or the hospital physician prior to, or during the transport.

## WHIPLASH

Whiplash injuries can result from a sudden backward and forward whipping movement of the neck, caused by an auto collision, a fall, a powerful slap on the back, or even a violent sneeze. The ligaments and muscles controlling the spinal segments are stretched or sprained, allowing the vertebrae to slip into abnormal positions. Nerves are then "pinched" or irritated, giving rise to headaches, nausea, dizziness and other pain.

Reach out...Blue Devil wide receiver Denorse Mosley stretches to the limit Friday night, but is unable to pull in this Terry Barber pass. Most of Barber's passes were caught, but Pahokee lost the game against Frostproof 21 - 20 when the Bulldogs scored with 1:39 left in the fourth quarter. Pahokee, with no kicker, failed twice on two-point PAT efforts in a game they otherwise dominated.

## Devils lose in last minute

By CHIP NEWTON

Pahokee's Blue Devils almost went all the way Friday night, but Frostproof's Bulldogs came back with 1:39 left and took the game back. The 21 - 20 loss

takes the Blue Devils out of the race for the state championship for this year.

The Blue Devil offense owned the first half, with 207 yards compared to 18 for the Bulldogs offense, and 12 first downs to none for the Bulldogs, but a 61-yard kickoff return and a 91-yard runback of a pass interception for a TD, both by Frostproof junior Dennis Baldwin put the dogs on the board.

Pahokee's defense held Frostproof's offense until late in the fourth quarter.

Two of Pahokee's touchdowns were on passes tipped by defenders, but caught anyway. The game's first score was on a pass quarterback Terry Barber fired at Tyrone Richardson that

was deflected by Frostproof's Gary Swain and caught by Denorse Mosley in the end zone.

Pahokee tied the game with 4:20 left in the half when Baldwin tipped a Barber pass into the hands of Richardson. Andreal Johnson threw to Richardson for the PAT.

With 51 seconds left in the half, Tyrone Smith picked off a dog pass. Two plays later, Barber hit Johnson for the go-ahead score, but the PAT effort failed.

The Blue Devil offense was held scoreless in the second half, as were the Bulldogs, until the final two minutes.

Pahokee's lack of consistency on PATs (the Blue Devils have no kicker) cost them dearly this time.

Pahokee's defense held Frostproof's offense until late in the fourth quarter.

Two of Pahokee's touchdowns were on passes tipped by defenders, but caught anyway. The game's first score was on a pass quarterback Terry Barber fired at Tyrone Richardson that

Stretch out...Marvin Coley, #81, gets a (leg) lift from Johnny Rutledge during Friday night's game against Frostproof's Bulldogs.

## Crusader basketball off to grand start

The Christian Day School Crusader boys basketball team is shooting to the top this season, having beaten Moore Haven 79 - 27; and Dade Christian 59 - 58.

Calvin "Pop" Bowens is currently the team's leading scorer, with 15 points against Moore Haven, and 28 against Dade Christian.

The girls varsity beat Moore Haven 46 - 37, but lost to St. Andrew's, 36 - 28.

The boys are in Miami now through the weekend participating in the Gulliver Tournament.

The girls team hosts Glades Day tonight (Thursday) at 7 p.m.

The Shootist...Christian Day School Crusader Calvin (Pop) Bowens watches his shot go in last Thursday as the boys basketball team defeated Moore Haven's Terriers 79 - 27. Bowens had 15 points, 18 rebounds, and four assists, to lead the Crusaders.

## Buy the right ticket, win a cruise for two! GCCHS wrestlers score big at Suncoast

Take a cruise for two compliments of Glades Central Community High School's wrestlers.

The wrestlers are trying to sell advance tickets to their wrestling matches, and purchasers will be eligible for a drawing for tickets on a dinner-cruise from Palm Beach Cruises. The first drawing will be held after the match with Olympic Heights December 16.

Subsequent drawings will be held later.

Tickets are only \$2. There's no reason not to go see your wrestling team in action!

**Fred Taylor nominated for award**

Glades Central Community High School football star Fred Taylor has been selected one of three finalists for outstanding player by the Palm Beach County Sports Authority. The winner will be announced tonight (Thursday) during the first Lou Groza Collegiate Place-Kicker Awards Banquet.

Andre Anderson - from Suncoast and Greg Bellisari from Boca Raton are the other two candidates.

Anderson, a senior running back, scored 24 touchdowns and gained 1,200 yards on 126 carries to lead Suncoast to a 9 - 1 record.

Bellisari, a senior linebacker, is a leader on Boca's defense which allowed 145 yards per game in compiling an 8 - 2 record.

Fred Taylor rushed for 1,087 yards on 99 carries, and scored 15 touchdowns. He helped lead the Raiders to a 9 - 1 record and a #6 ranking in the state 3A poll.

The Palm Beach County Sports Authority annual high school football awards are presented by the Blockbuster Bowl, Palm Beach County Sports magazine, and Fleming, Hale and Shaw.

The Groza Awards Banquet will be held at the Omni West Palm Beach Hotel tonight to honor the nation's top collegiate kicker.

A silent auction to benefit the Sports Authority's youth programs will kick off the festivities. Tickets for the event are \$50. For more information contact the Sports Authority at (407) 233-1016.

Glades Central Community High School's wrestling team is off to a good start, beating Suncoast 52 - 18 in their first match of the season.

Scoring pins were:  
140 lb. Charles Charleston, 1:35  
152 lb. Levon Williams, 3:03  
152 lb. Josh Saddler, 4:44  
189 lb. Joe Brown, 0:44  
HWT - Leonardo Ellick, 1:26

Winning on points were:  
112 lb. Trafori Bailey, 12-6

135 lb. Willie Dunning, 21-11  
160 lb. Tony Pino, 7-1

The team met Lake Worth's wrestlers last night (Wednesday), but results were not in at press time.

They host Forest Hill at home tomorrow night (Friday) at 6:30 p.m. The JV will then go to a tournament at Lake Worth on Saturday, December 12.

Monday, December 14, they host Boca Raton at 6:30 p.m.

### Little Mr. & Mrs.

Winners of Christian Day School's 'Little Mr. and Mrs. C.D.S.' are Ashley King, daughter of Charles and Alice King, and Bryan Royal, son of Jan and Jeff Royal. Both are students in K-4.

They were selected Thursday, December 3. Runners-up were Karen Rodriguez and Anthony

Sandling, Jr. They are both students in K-5.

Overall, there were 18 students participating.

In the Christmas parade, Saturday, Little Mr. and Mrs. C.D.S. rode on the Student Council float.

The Student Council would like to congratulate the winners and thank everyone who participated and those who made this all possible.

### Breakfast Brunch

On December 18, the last day of school before the Christmas Holidays, fourth, fifth, and sixth grade students will have a breakfast brunch in the school cafeteria. An exchange of Christmas gifts will follow.

Students will then go to the bowling alley for two games before the holiday begins.

Christian Day School elementary staff wishes everyone a very Merry Christmas and a Happy New Year.

istration's policies on health care; the economy and the homeless; was Christopher Columbus a hero or villain; and, what are 'family' values.

Students may take their pick of the topics but must be able to support their opinions with documented references. Writing 1,000 words on anything, with correct grammar and clear thought, challenges the best of us.

Wish us luck and patience. The essays are due in mid-January.

## Raider Log

BY BETH BUCHANAN

### Students of the Week.

Now it's the young men's turn. This second nine weeks already honors Daryn Hicks, Marvin Allen, Willie McKelvin, Osama Shatara, David Medina, Johnny Kleckley, Chavayee Shannon, Faisal Muslet, Andre Chastine, Anthony Parris, James Powe, Kenny Lutz, Lorenzo Williams, Altes Petion, Fred Taylor, and Alfredo Montoya.

Another congratulations is in order for academic success, good conduct, and service.

### Contemporary Issues

Now that the science fair projects are done and filed for another year, many students are faced with another major project--The Palm Beach Post and Parade Magazine's Contemporary Issues essay.

GCCHS has a tradition of winners in this writing contest, and now many history and English students are trying again to reclaim the prize--a ten-day trip to London and surrounding countryside or other awards.

Senior Kenny Lutz and junior Sheldon Harrison are GCCHS's recent winners of a similar grand prize.

Four topics are given: the influence of pop culture and rock/rap; the new admin-

### Raider Basketball

The Raider boys' basketball team opens their season tonight at home against Wellington. Coach Flip Peavler is anxious to test out the squad. Be there to cheer these guys along to a winning season.

The roster includes Cheveron Rolle, Reggie Moore, Marvin Allen, Henry Bennett, JaJuan Seider, Melvin Stinson, Nakia Jenkins, Warren Hobbs, Thomas Stinson, Fred Taylor, and Jerome Shannon.

In fact, keeping up all of the sporting events is a challenge. The boys' team also plays at Forest Hill Friday and Saturday, and Tuesday the 15th at Olympic Heights.

The Lady Raiders have a game tonight at Pope John, Paul, another at Dwyer Monday the 14th, and are home against Clewiston the 16th.

Meanwhile, the wrestling team has a match at home tomorrow night (Friday) against Forest Hill, and another match at home the 16th vs Olympic Heights.

Coach Casko has formed a soccer team also and is trying to finalize a schedule for the season.

Something's always happening!

All teams appreciate the student body's and community's support.

### Distance Learning

The Vision Carolina Project, the Mississippi Vision 2000 Project, and the Palm Beach County Distance Learning Project are projects that maybe some parents, community leaders, and other schools may not be familiar with. They are projects wherein students can take classes not offered at their high school through the means of fiber optics.

What do these projects have in common? Each uses fiber optics cabling and the most modern video technology to bring classes to remote schools in far flung corners of the local school districts.

In Palm Beach County, the schools participating are Pahokee Middle Senior High School, Suncoast Community High School, Atlantic Community High School, Lake Worth Community High School, the Palm Beach County School of Arts, in a cooperative partnership with Palm Beach Community College. Also on the network are the District School Board Administration Complex and the South ITV Office.

Pahokee receives calculus for five students from Suncoast High School and Spanish III for four students from Lake Worth High School.

Palm Beach Community College - Glades Campus, sends a dual-enrollment sociology class to both Suncoast and Atlantic High Schools three days a week.

Distance Learning is definitely an exciting, unique way of learning. I am sure those students involved in the distance learning projects feel very privileged to be able to take part in a project that's so unique in itself. Below are some comments given by students involved in the distance

learning project:

Distance learning is an advancement in technology that is finally being used for education. Distance learning, to me, is a tool of education that will enhance learning in schools.

- Greyni Patterson  
I feel that Distance learning is a great way for students to take advantage of the courses not offered at their school. I also feel that the program is neat because of its operation -

### Candy Grams

As the Christmas season rolls around again, the junior class is in the spirit. The junior class is selling candy grams. The candy grams can be sent during the last day of school on December 18. The candy grams can be sent to teachers, faculty, staff, boyfriends, girlfriends, or maybe even sweethearts. The candy grams consist of a seasons greetings card and a large candy cane, they sell for \$1 each. The juniors are very optimistic that this candy gram sale will bring in a lot of money.

### Honor Roll Breakfast

The annual Pahokee Senior Junior High School Honor Roll

Breakfast was held on November 16 for those students achieving academic excellence the first nine weeks of school.

The students were served grits, eggs, sausage, biscuit, milk, and juice for breakfast. This year the students achieving the Honor Roll received blue and white backpacks.

### Neighbors Drug-Free

This year the annual Charter Hospital drug free contest was held. At Pahokee Sr. Jr. High School Coach Thompson's second hour class was busy making a poster to submit in the Drug-Free contest.

Each year this contest is held. Last year Pahokee high participated in it but did not rank in place. The motivation from not ranking last year made the students want to work harder. Therefore since the students worked hard and put forth that extra effort they placed first in the high school division.

Congratulations to all those students who participated in this contest and P.H.S. is proud of you.

## Holiday Gifts

Make the holiday season  
happier for friends and fam-  
ily-mail early! The best way  
to ensure that holiday  
cards, gifts and party invita-  
tions get to their destination  
on time is to mail them as  
early as possible-and don't  
forget to include the zip  
code when addressing the  
envelope or package. If you  
have any questions about  
the proper way to pack a  
holiday gift for safe deliv-  
ery, ask at the post office. 1231

## Postal workers handle 547

million letters a day, says  
Moe Biller, APWU presi-  
dent. During the holiday sea-  
son, the volume in mail work-  
ers to work longer hours and  
extra shifts to maintain postal  
service efficiency. 1231
